4. All Interior Pages:

Left-side navigation for interior pages also serves to remind users of what page they are on and where in the progress of the module they are

-- Page titles are placeholders and subject to change

-- graphic above the nav bar should be scaled up and cropped detail of the same image as on the home page--specific to each module.

Help

This section will change to a sub-navigation bar showing users which individual activity they are currently looking at.

This main section should be flexible to have textual content such as the introductory text at the top and media boxes such as indicated to hold a variety of media content.

-- The main section will also contain questions that users will answer using the online journal/forum and so should link to it as indicated

The main section will not necessarily be limited to 3 sections as shown, there may be more.

[illegible]

6. Assessment Page:
- There will be two different assessments. A quiz for teachers seeking only re-certification points, and an alternate assignment for teachers seeking history course credit in addition to re-certification points.
- The link to the quiz should take users to either a pop-up window with the quiz or another essentially un-styled page with just the quiz on it.
- The quiz will be multiple choice and will need to be a form that can be graded immediately and submitted upon completion.
